Harmon C. McAllister, Ph.D.
Research Director
The Council for Tobacco Research - U.S.A., Inc.
900 Third Avenue
New York, NY 10022

Dear Dr. McAllister:

Enclosed is a preliminary application for support of research which I am involved in. I received instructions for applying to The Center for Tobacco Research for a grant in 1990 and hope that this preliminary inquiry is still the correct procedure. I hope that the Executive Committee of your Scientific Advisory Board will find this project consistent with the interests of The Council, and that you will send me materials for completing a full application.

I have prepared a narrative summary of the project I hope to conduct, and have included a curriculum vitae and the abstract of a pertinent paper which I will be presenting this May in Denver at the annual meeting of the American Association of Immunologists. I look forward to hearing from you soon; thank you for your consideration.

Sincerely,

Roger L. Noble
